Noble Credit Union Upholds its Dedication to Supporting Veterans and Military Families

FRESNO, CA – Noble Credit Union continues its dedicated ongoing support of the community by giving special thanks to the local veterans and active-duty service members during Veterans and Military Families Month. Along with always having access to the credit union's great rates and perks, Noble has introduced a new benefit – for this tier of guests. The Noble Perks Checking account subscription fee will be waived for life to all veterans and active-duty military personnel, showcasing Noble's dedication to going the extra mile. It is Noble's way of saying "thank you" to veterans and active-duty personnel for the sacrifices they've made and their service to this country and our community.

In support of our active military, this year, Noble Credit Union has teamed up with the Marines for their annual Toys for Tots Drive. All eight branch locations will be accepting new, unwrapped toys from November 15th through December 15th. This is our chance to give hundreds of local children a Christmas they'll never forget!

Since 1947, Toys for Tots has distributed over 600 million toys to 274 million children in need. "This holiday season, we're thrilled to be part of this time-honored tradition that brings so much joy to so many children, especially given the current economic conditions their families face." Susan Ryan, Noble Credit Union President/CEO.

In addition, Noble is teaming up with the Fresno Veterans Administration Hospital, donating hundreds of items through Noble's Random Act of Kindness Program. The donations will not only help patients as they manage their recovery but will demonstrate Noble's appreciation for their service and the challenges they are facing, reminding them that their community supports them.

Noble Credit Union encourages everyone to join them in showing their appreciation to our veterans and active-duty personnel in any way, big or small. From a simple "Thank You", randomly paying for a coffee or meal, or sending cards to those Veterans currently at the VA hospital, any gesture of gratitude is sure to be appreciated.
