Or contact us at (702) 847-6603 or email california@parkinson.org and we will register you!

Understanding the complexities of Parkinson's disease (PD) is important for the person with Parkinson's as well as for their families and caregivers.

Together with your community, learn about progression in Parkinson's including the stages of progression, promising treatments and strategies, and the latest research into slowing PD progression.

Speakers: Rafael Zuzuarregui, MD, UCSF & VA
Andrea Fuentes, MD, UCSF

Attendance at this event is free, but registration is required. Masks are required. Special thanks to our event partner, the Greater Fresno Parkinson's Support Group.

Thank you to our generous sponsor:
